

The Singapore underground train systems, known as the **MRT** offers a speedy and foolproof way to get around the city. You'll need small change to buy an ez-link Card, a contactless smart card for use on the MRT, LRT and the buses. The Standard Ticket (ST) is for single trip travel on the MRT and LRT only. Alternatively, buy an Adult ez-link Card from any TransitLink Ticket Office at only \$15 (comprising of \$10 stored value and \$5 non-refundable card cost). They are available from any TransitLink Ticket Office or Passenger Service Centre at MRT stations. With the ez-link Card, you will not need to check fares or insert cards into the validator. Just tap and go!

Escalators take you to the platform and train destinations are marked clearly. Trains run frequently. Do remember that eating and drinking is not allowed in MRT stations and trains.

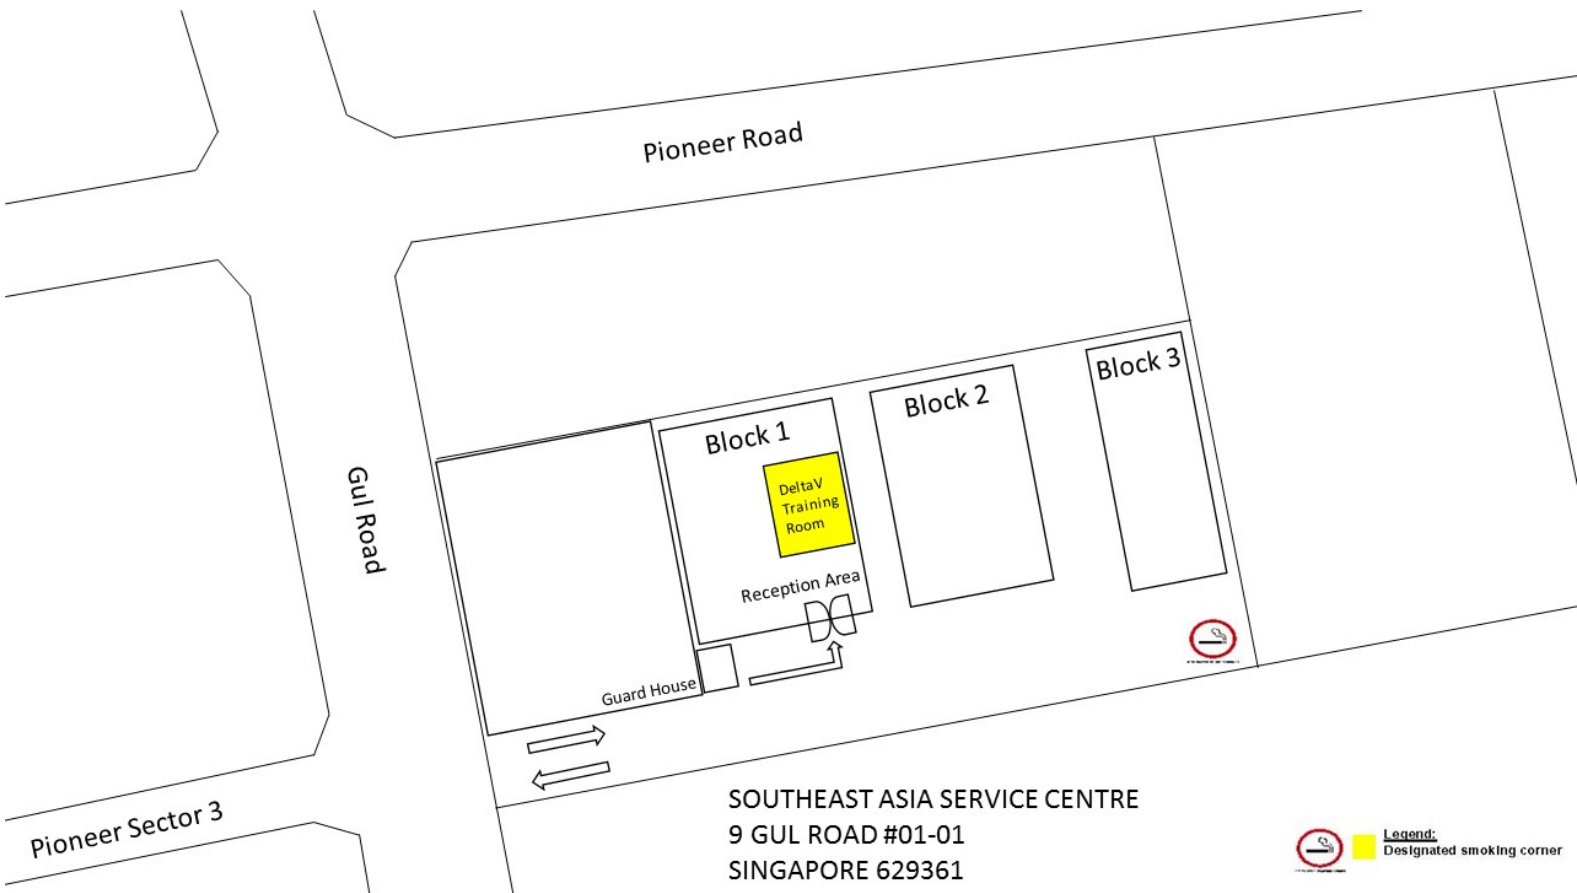

Direction to Emerson Process Management:  
 Station: ★ Joo Koon (EW29)  
 Feeder bus: No 257 at Interchange  
 Alight: Opposite GE Keppel Energy Svcs
