

TRAINING SCHEDULE

January to May 2016

Month	JAN	JAN	FEB	MAR	MAR	APR	APR	MAY	MAY
Date	18-22	25-29	8-12	07-11	14-18	11-15	25-29	2-6	9-13
Week	3	4	6	10	11	15	17	18	19
Cernay - France (French)									
Valve Engineering I	1300								
Valve Technician I	1400								
Fundamentals of FieldVue Digital Instruments & the Handheld Communicators	1751								
Valvelink and Diagnostics for FieldVue Operations	1752								
Flow Scanner Data Acquisition and Interpretation	1427 / 7100								
Advanced FlowScanner Diagnostic Interpretation	1428 / 7101								
Valves Maintenance with digital Valves controller Calibration	1451								
Standards Solenoid Valve Solutions	ASCO 1								
Solenoid Valves ATEX Applications	ASCO 2								
Cernay - France (English)									
Valve Engineering I	1300								
All other courses are available in English & on demand									
Paris- Rungis -France (English)									
Valve Engineering I	1300								
Normandie - France (French)									
Fundamentals of FieldVue Digital Instruments & the Handheld Communicators	1751								
Installation & calibration of FieldVue Positioner using the 475 Handheld Communicator (1 day)	BASICS								
Szekesfehervar - Hungary (Hungarian)									
Valve Engineering I	1300								
Valve Technician I	1400								
Fundamentals of FieldVue Digital Instruments & the Handheld Communicators	1751								
Valvelink and Diagnostics for FieldVue Operations	1752								
Rijswijk - Netherlands (English)									
Valve Engineering I	1300								
Valve Technician I	1400								
Valves Maintenance with digital Valves controller Calibration	1451								
Fundamentals of FieldVue Digital Instruments & the Handheld Communicators	1751								
Valvelink and Diagnostics for FieldVue Operations	1752								
United Kingdom (English)									
Valve Engineering I	1300								
Valve Technician I	1400								
Valvelink and Diagnostics for FieldVue Operations	1752								

On demand Courses			
Valve Engineering I	1300	FieldBus FieldVue Digital Valve Controllers	7036
Valve Technician I	1400	Flow Scanner Data Acquisition and Interpretation	1427 / 7100
Fundamentals of FieldVue Digital Instruments & the Handheld Communicators	1751	Advanced FlowScanner Diagnostic Interpretation	1428 / 7101
Valvelink and Diagnostics for FieldVue Operations	1752	Solenoid Valve Solutions	ASCO 1
Valvelink and Diagnostics for FieldVue data interpretation	1759	Solenoid Valves ATEX Applications	ASCO 2
		Installation & calibration of FIELDVUE Positioner using the 475 Handheld Communicator	BASICS

TRAINING SCHEDULE

June to December 2016

Month	JUN	JUN	SEPT	OCT	NOV	NOV	NOV	DEC	DEC
Date	6-10	13-17	26-30	10-14	14-18	21-25	28-02	5-9	12-16
Week	23	24	39	41	46	47	48	49	50

Cernay - France (French)									
Valve Engineering I	1300								
Valve Technician I	1400								
Fundamentals of FieldVue Digital Instruments & the Handheld Communicators	1751								
Valvelink and Diagnostics for FieldVue Operations	1752								
Flow Scanner Data Acquisition and Interpretation	1427 / 7100								
Advanced FlowScanner Diagnostic Interpretation	1428 / 7101								
Valves Maintenance with digital Valves controller Calibration	1451								
Standards Solenoid Valve Solutions	ASCO 1								
Solenoid Valves ATEX Applications	ASCO 2								
Cernay - France (English)									
Valve Engineering I	1300								
All other courses are available in English & on demand									
Paris- Rungis -France (English)									
Valve Engineering I	1300								
Normandie - France (French)									
Fundamentals of FieldVue Digital Instruments & the Handheld Communicators	1751								
Installation & calibration of FieldVue Positioner using the 475 Handheld Communicator (1 day)	BASICS								
Szekesfehervar - Hungary (Hungarian)									
Valve Engineering I	1300								
Valve Technician I	1400								
Fundamentals of FieldVue Digital Instruments & the Handheld Communicators	1751								
Valvelink and Diagnostics for FieldVue Operations	1752								
Rijswijk - Netherlands (English)									
Valve Engineering I	1300								
Valve Technician I	1400								
Valves Maintenance with digital Valves controller Calibration	1451								
Fundamentals of FieldVue Digital Instruments & the Handheld Communicators	1751								
Valvelink and Diagnostics for FieldVue Operations	1752								
United Kingdom (English)									
Valve Engineering I	1300								
Valve Technician I	1400								
Valvelink and Diagnostics for FieldVue Operations	1752								

On demand Courses			
Valve Engineering I	1300	FieldBus FieldVue Digital Valve Controllers	7036
Valve Technician I	1400	Flow Scanner Data Acquisition and Interpretation	1427 / 7100
Fundamentals of FieldVue Digital Instruments & the Handheld Communicators	1751	Advanced FlowScanner Diagnostic Interpretation	1428 / 7101
Valvelink and Diagnostics for FieldVue Operations	1752	Solenoid Valve Solutions	ASCO 1
Valvelink and Diagnostics for FieldVue data interpretation	1759	Solenoid Valves ATEX Applications	ASCO 2
		Installation & calibration of FIELDVUE Positioner using the 475 Handheld Communicator	BASICS
