------------------------	---------	---------------	-------------

This certifies that Rosemount, Inc. parts, on the above referenced Sales Order and Customer Purchase Order, conform to all applicable specifications for QC1.

The orifice plate model/family 1495, 1595 and 405 is designed by Dieterich Standard, Inc. (an Emerson Process Management/Rosemount company), an ISO 9001 ANSI/ASQC Q9001 accredited company. We hereby certify that the product(s) supplied conform to approved policies, procedures, and specifications for the manufacture of the equipment.

Dimensional information has been verified and found to be acceptable per drawing specifications and is documented on the attached QC1 dimensional inspection report(s).

Tim Layer
Vice-President of Global Quality
