Industry Description if 9900	
Date	
The following information is used to authorize the software package	
(1) System Identification #	
(2) PC Hard Disk Serial #	

- (1) The System Identification Number is printed on a certificate received in the Asset Portal box.
- (2) The PC Hard Disk Serial Number is found by performing the following steps on the PC hard disk in which Asset Portal will be installed:
 - (a) Go to a Command Prompt
 - (b) Type in Vol (make sure that the drive letter is for the PC hard disk in which Asset Portal will be installed)
 - (c) The PC Hard Disk Serial Number is on the second line and contains eight alpha/numeric characters
